

Easy Deposit Bonus Agreement

1. Every SuperForex (further - the Company) customer has the right to receive the Easy Deposit Bonus on their deposit to a real trading account with SuperForex only once.
2. Exclusivity and compatibility: The Easy Deposit Bonus cannot be combined with any other bonuses, including the Welcome+ Bonus, the Energy Bonus, the Hot Bonus, and the No Deposit Bonus.
3. The Easy Deposit Bonus is provided based on the Standard STP account (Swap-free) with a maximum leverage of 1:100.
4. The Easy Deposit Bonus cannot be withdrawn. Profit over the bonus can be withdrawn.
 - 4.1. The amount of the bonus depends on the amount of the deposit: if the deposit is under \$10, the bonus is 1000% of the deposit sum; if the amount of the deposit is over \$10, the bonus is 2000%. The maximum amount of the bonus is \$500. So, if the deposit is greater than \$25, the amount of the bonus will still be \$500.
 - 4.2. The term of use of the bonus funds received is unlimited.
 - 4.3. All funds, including the deposit, are considered as the bonus funds prior to a withdrawal or the cancellation of the Easy Deposit Bonus. The funds available for withdrawal should be unlocked with traded lots and withdrawn according to clauses 5-7 of this bonus agreement.
5. Withdrawals and bonus cancellation: the profit over the Easy Deposit Bonus can be withdrawn only after all buy or sell trades are completed. Profit is allowed for withdrawal to completely verified accounts only.
 - 5.1. The bonus can be cancelled in case of the stop-out, which is set at 50% of the margin level. The company also reserves the right to cancel the bonus at its own discretion, in accordance with clause 12 & 13 of this Agreement.
6. The profit derived from the Easy Deposit Bonus can be withdrawn but the amount of withdrawable profit is limited and calculated by the formula: amount of the deposit * 200%. Thus, if the amount of the deposit is \$25, the maximum amount of the profit which can be withdrawn is calculated by the formula:
 - For a 1000% bonus: Withdrawable profit = Deposit 1 * 250%
 - For a 2000% bonus: Withdrawable profit = Deposit 1 * 200%
 - 6.1. The client is eligible to make one more deposit to increase the amount of withdrawable profit twice. The second deposit should be equal to or greater than the initial deposit. Further deposits do not have an impact on the amount of withdrawable profit but increase the minimal amount of traded lots to unlock it.
7. The minimum amount for withdrawal is \$10 for the 1000% bonus. For the 2000% bonus, the amount depends on the initial deposit. For example, if the first deposit was \$25, the minimum would be \$25.

The total amount available for withdrawal depends on the amount of traded lots according to the formula:

1 lot = \$1

In other words, in order to be able to withdraw \$10, the customer must have traded at least 10 lots in total.

- 7.1. The Company reserves the right not to consider the amount of traded lots with transaction results between $-\$0.05$ and $+\$0.05$ or equivalent. In case such transactions are detected, the Company reserves the right to recalculate the amount of the traded lots and adjust the withdrawal amount in accordance with the terms of the withdrawal of funds (1 traded lot = $\$1/\text{eq}$). The amount that was blocked returns to the client's trading account.
8. The Client is eligible to request a full cancelation of the bonus to retrieve their deposit funds or to claim another bonus without limitations. In this case, all profit received will be cancelled as it is considered as part of the bonus funds.
9. The Client is eligible to request a withdrawal only once. Thus, it should be equal to or greater than the amount of the deposit.
10. Trading conditions: the maximum volume of deals when using the Easy Deposit Bonus is 1 lot. The level of stop-out is 50%, and the margin call level is 80%.
11. The maximum leverage for customers who received the Easy Deposit Bonus is 1:100.
12. The Customer agrees that in the event that SuperForex suspects a fraudulent activity involving the bonus, the latter can be declared void and the results of the trading can be annulled.
13. SuperForex reserves the right to cancel the Easy Deposit Bonus without any prior notice to its customers. Therefore, we strongly recommend that customers should not use the bonus funds in the calculation of profit in their trading strategy.
14. SuperForex is not responsible for any consequences that may arise as a result of cancelling the bonus, including but not limited to a Stop-Out, as the bonus belongs to SuperForex.
15. By applying for the Easy Deposit Bonus you acknowledge you have read and accepted the terms and conditions of this Agreement.
